An Outgoing COM port has been created

Step II

-

Pairing Procedure for GPS Connexion on the 3400 LS-GPS side

Step II – GPS Connection

Bluetooth

Après avoir établi une association avec un appareil, appuyez sur Nouveau port sortant pour configurer un port COM. Pour d'autres options, maintenez le stylet appuyé sur un port existant.

HandsFree connection is established. Now, let us operate the GPS connection.

Step II – GPS Connection

Navigate to the Parrot 3400 LS-GPS menu (the fourth one from the idle mode) Go into the "ACTIVATE / DEACTIVATE" menu of the Parrot 3400 LS-GPS

Make sure the GPS feature is "Activated"

Step II – GPS Connection

Press the carkit's RED BUTTON for at least three seconds. Your carkit and your mobile phone will be disconnected and a pop-up "Please connect GPS" appears on the Parrot 3400 LS-GPS

Step III

Pairing Procedure for GPS Connexion on the phone side

Step III – TomTom Navigator 6 Setup Procedure

Please start your "TomTom Navigator 6" software in the menu "Programs" "TomTom Navigator 6" start screen without GPS signal: you need to configure GPS reception – please tap on the screen

Step III – TomTom Navigator 6 Setup Procedure

Tap on "Change Preference"

Annulla

Select the port you have just defined as the GPS channel beforehand ("COM0" for our example)

Your Parrot 3400 LS-GPS is now defined as the source of GPS signal for TomTom

Step IV

Use the GPS Connexion to navigate

14:39

Numero

civico

Incrocio

Destinazione

On the HOME screen, tap on the "Navigate to" icon

You have different options available to define your destination.

Option #1: Choose "Address" and select "City Center" to define your destination the most simple way.

Step IV – Plan a route

Step IV – Plan a route

Option #2: Choose "Advanced Planning", meaning you need to define depart and destination points

Option #2: Choose "Street and house number" for each of theses points Option #2: enter the precise address. Define the City, then the Street, then the number of your destination

Step IV – Plan a route

The TomTom software calculates the journey to the destination you entered

Tap on Details to simulate your itinerary, then "Display a demo of the itinerary", then select the speed of demo (200%)

The simulation is launched

Step IV – Plan a route

Navigation with "TomTom Navigator 6"
